

Visual Display Unit Assessors Workshop

Objectives:

The course addresses the hazards which can be associated with Display Screen Equipment, assessment of the hazards and the range of control measures to eliminate or minimise the risk

The course is designed to provide delegates with information on the hazards which can be associated with display screens and their work stations by reference to HSE Guidance. This information is reinforced by practical assessment of available work stations

Course content:

On completion of the course participants should be able to:-

- Understand the relevant roles and responsibilities as a Departmental Assessor
- Become familiar with the requirements of the Display Screen Equipment Regulations
- Have an understanding of hazards and risk
- Gain the skills to undertake an assessment
- Be able to complete their own Display Screen Risk Assessments on the relevant forms
- Understand what remedial actions may be necessary to ensure a safe working environment

Multi choice question paper
